

AthenaPlus

Kick-off meeting
Rome, 18-19 March 2013

Barbara Dierickx & Joris Janssens

PACKED vzw – Centre of Expertise in Digital Heritage
Brussels, Belgium

Co-WP leader in WP5

PACKED

Centre of Expertise in Digital Heritage

Centre of Expertise in Digital Heritage

- Centre of expertise in digital heritage supported by the Ministry of Culture of the Flemish Community
- Plays a central role in Flanders and Brussels in centring the development of expertise in digitisation, digital archiving and access, and in spreading the acquired expertise
- Embeds its activities not only within the context of Flanders and Belgium – actively involved in the family of projects surrounding Europeana

PACKED vzw

Centre of Expertise in Digital Heritage

Relevant projects:

- CEST (Cultureel Erfgoed Standaarden Toolbox), a toolbox of standards for digitisation and digital archiving: guidelines, case studies, overview of tools & software <http://www.projectcest.be>
- Opencultuurdata.be [under construction]
- participation in EU funded projects:
 - DCA - Digitising Contemporary Art (Coordinator)
 - ATHENA (WP leader on IPR)
 - Linked Heritage (Partner + task force involvement)

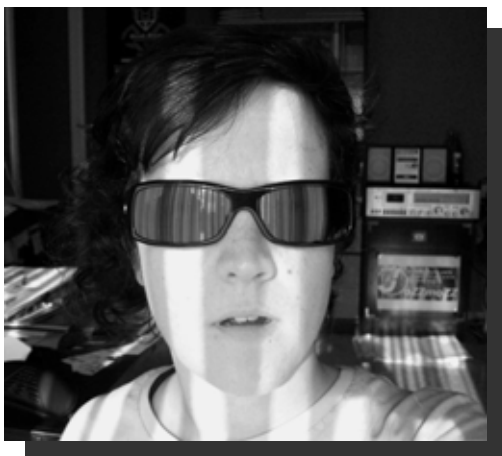

Centre of Expertise in Digital Heritage

- Joris Janssens
 - tech side of PACKED-projects e.g. CollectiveAccess customisation / development of websites and web applications / co-author HOPE data model
 - Master's degrees in Philosophy and Information and Library Sciences + Bachelor degree in Computer Science
- Barbara Dierickx
 - partner coordination in the DCA project / support Flemish content providers in joining Linked Heritage / ATHENA co-WP leader on IPR issues
 - Master's degrees in cultural and communication sciences

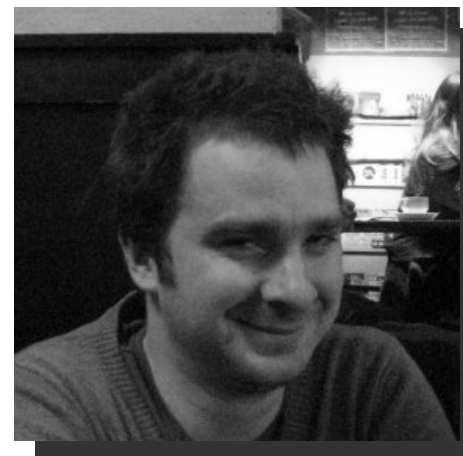

Role in the project

- Co-WP leader of WP5 on creative applications for the re-use of cultural resources with partners META, ICCU and Dédale
 - development of software systems: applications developed to employ the AthenaPlus and Europeana content
 - use in different environments and tested in WP6: virtual exhibition, tourism routes, educational packages, etc.
- providing training to network partners, content providers and other users to take up the AthenaPlus infrastructure and tools for developing the pilot actions (and beyond)
